

3 Day First Aid at Work Course

This comprehensive Course is Health and Safety Executive. The aim of this course is to train candidates to manage an accident scene in the workplace, effectively communicate and delegate until the Emergency services arrive. The course will teach the skills needed to deal with a casualty who is unconscious, not breathing, injured (as a result of an accident at work) and/or suffering from a medical condition. The course also includes what to do after an accident or incident at work, reporting procedures, disposal of clinical waste and ensuring that your first aid kit complies with the standards set by the HSE. Candidates are provided with a first aid pack and full colour First aid manual. Candidates who pass the final assessment will be awarded a certificate in First aid at work (A4 and pocket size) valid for 3 years.
